Dear Valued Clients and Partners,

**March 2025**

I am thrilled to share some exciting news. Over recent years our company has undergone a significant transformation. As part of this journey, we proudly announce that Verature (legally known as Target Information Systems Limited) is rebranding to Heresafe (Heresafe Ltd).

We have always taken pride in crafting user-friendly applications for clients across various industries, striving to make business simple through automation. Verature, our contractor management platform, was born out of collaboration with our clients and their need to manage these high-risk visits effectively.

As our user community grew, we recognised a critical need to improve workplace safety procedures around contractor works. This led us to evolve our platform, integrating comprehensive safety features to promote safer workplaces. We worked hard to help clients ensure contractors arrive safe, work safe and stay safe. Verature became a digital sentinel for workplace safety, uncovering a new important mission.

This evolution led us to our new identity: Heresafe. We aim to create a safety culture and a network that benefits everyone—suppliers, contractors and clients alike. We envision a future where every workplace is a model of safety and wellbeing.

### **What Does This Mean for You?**

**Current Clients:** This will be a gradual rebranding process for our existing apps, ensuring no interruption in service. The immediate change will be our new legal name for invoicing: Heresafe Limited. We will support you through this process, and your account manager will assist with the transition. The timeline for this transition is set to be completed by the end of June 2025.

**Prospective Clients:** Moving forward, all new communications, branding and invoicing will be under the name Heresafe Limited. Our focus on creating user-friendly, automated solutions remains steadfast, with an added emphasis on improving workplace safety.

As always, our valued community of Heresafe users will remain at the forefront of what we do. We'd love to hear from you at [hello@heresafe.com](mailto:hello@heresafe.com) to help address any questions regarding the rebrand.

We look forward to continuing this important mission with you.

Yours sincerely
